

Canalta online Auction  
<http://www.canaltauction.com/>

It has been brought to my attention that you may be having difficulties seeing all the auction items. When you first go to the site the home page opens. This is the **little house** is on the left. Here you can only see 16 items. If you click on **Gadgets** right beside the little house it opens up the entire auction and you will see all the items that have been donated. We have over 40 wonderful items to choose from, with new Items being added constantly.

Once you open the gadgets section it should give you the option to switch pages see the little boxes on the bottom left of the page.

**Step 3**  
You can also click on the button that says **read more** or the **green details** button to see more information about the item. Click on the arrows if there is other info it will take you to it.
