Dear Parents,

Over the year I have been talking to some students about the possibility of adding a few extra activities to our “things to do” on the playground.

Today I had a test group of students ride their scooters, on the sidewalk, around the school, at recess and lunch time. Staff were watching for any little glitches that might cause this to be a problem. We thought the kids rode respectfully and carefully.

I know that other students will be interested in joining this pilot group and so I am asking you for some feedback. Please answer, sign and return the form below to help me with some decision making. We are only talking about riding scooters at this time.

All students participating would be responsible for providing their own scooter and helmet.

We are not ready for a large group to try this so please fill in the survey and then wait for a permission letter to come home.

Thanks!
Mrs. McIntyre

_____ Yes, I think that students should be allowed to ride their scooters as long as they wear their helmets.

_____ I disagree with this idea. No one should be allowed to ride a scooter on the sidewalk during break times.

_____ I think students of all ages should be allowed to give this a try.

_____ Here is another suggestion
