<Nothing about US without US>

The Community Overdose Action Team (COAT) believes that every voice is crucial to creating community wellness.

Please join us Oct. 17th @7:30pm to explore ways to address Dawson Creek's Opioid use and fentanyl poisoning deaths.

Food, refreshments, childminding, and taxi vouchers will be provided. All who participate in this important discussion will be provided an honorarium in respect of their time and knowledge.

PEERS: People with lived experience of substance use who are engaged as experts, and use their lived experience to inform effective health service programming and delivery
